INFOFIT HISTORY

Infocit is North America's Premier School for Fitness Professionals. We are in Vancouver, British Columbia, and have been a leader in exercise education since 1989.

Infocit provides exam preparation programs for aspiring fitness leaders and continuing education courses for those who are certified professionals. The school provides a curriculum that is current, well-researched and scientifically based. Infocit believes that learning is an on-going process in life. To ensure that students receive the best well-rounded, practical and effective education available, Infocit offers continuing education courses, health seminars and complementary programs, such as their Clinical Exercise and Rehabilitation Courses.

The reason for Infocit's great success lies in its founding president and owner, André Noël Potvin. For over 2 decades Andre's proven formula for creating advanced programs for the elite, has made Infocit an international leader in exercise education. He is well respected within the health and fitness industry because of his passion for educating others and his undying commitment to helping people live longer, healthier lives.

Andre believes that health and fitness doesn't need to be complicated or expensive. So, he uses integrative strategies that are adaptable to anyone of any age at any fitness level! Andre not only teaches the latest techniques and advanced methods to maximize health benefit, but he also teaches about people; how to motivate them and tap into everyone's potential.

Andre's successful methodology and techniques are integrated into the standardized lesson plans of the course curriculum. Each course conductor has been hand selected as they reflect with great impact what an Infocit leader should portray.

Students are provided the training, tools, knowledge, resources, motivation and guidance necessary for them to explore their dreams and reach their goal to become a fitness professional.

Curriculum & Instructional Design

Students are required to provide at least two weeks' written notice if they must transfer from one course to another for any reason. Such notice will allow the school the time to process the necessary transfer paperwork and enable the school to fill the vacant seat with another student from the waitlist. Students shall be expected to abide by the code of conduct adopted by Infokit for appropriate classroom rules of behaviour established by Infokit for the purpose of maintaining order and a favourable academic atmosphere. Any student who violates the code of conduct or other classroom rules may be subject to removal from class and/or disciplinary action.

Student removal from class is a serious measure and will not be imposed in an arbitrary, casual, or inconsistent manner. Behavioural policies are expected to be followed and are communicated as clearly as possible to students. However, it is neither possible nor necessary to specify every type of improper or inappropriate behaviour, or every circumstance that would justify removal from class under this policy. Teachers exercise their best professional judgment in deciding whether it is appropriate to remove a student from class in any particular circumstance. No Show Policy

Any student that is a no-show or no-call for a scheduled appointment or class will forfeit those hours and will be required to pay a re-sit fee for courses.

Written notice must be provided to Infokit for any withdrawal from courses or classes and that any refunded tuition amount will be determined according to the refund policy within 30 days the written notice is received.

Personal Training Certification – Fast Track Personalized Attendance Policy

It is the student's responsibility to inform Infofit of any changes to the agreed upon schedule of teaching times at least 24-hours in advance. If the student fails to provide Infofit Educators with 24-hours' notice of his/her inability to attend a confirmed session, those hours will be forfeited.

Each Personalized Instruction session may be of 60 - 120 minutes duration, and should the student arrive late, there is no guarantee the student will receive the full session with the Infofit Instructor.

The student will receive homework that is to be completed prior to the next instructional session. Should the student not have the homework completed on time, Infofit reserves the right to use the next instructional session as a "homework catch-up" period.

Personal Training Certification Full Time Program Attendance Policy

100% attendance is required. And days missed must be made up by tutoring at an additional cost to the student.

Should students miss more than 20% of the program (12 days), they will not be able to complete the program and must re-apply to the school to re-attend at a later date. A fee will be levied for this service. Students are required to contact the school and their instructor should they miss a class to learn what they need to do to make up the day. Tutoring is available for an additional charge.

During weeks that include a statutory holiday, and the school is closed, you will be required to make up for the lost hours during the same week. Your instructor will adjust the daily class hours to reflect this, and you will be made aware of those hours in advance.

Missed Days

Students that miss one or more days are required to complete an "Absence form" and complete any missed assignments. This form will be emailed to the students, along with what they need to do to make up the missed class time. The instructor will delegate what assignments need to be completed by the students; students are then required to complete and hand-in to the instructor these assignments.

In some instances, tutoring may be required to cover missed material. Tutoring is at an additional cost at the "student preferred rate."

When a student is absent and we send them the "absence email", the office will then print out the email, and staple it to an Absence/Late Log form. The office will then give the stapled forms to the instructor to be filled out the next day the student is in class. When the student comes in for their next day of class, the teacher will verify that their homework is completed as per the email.

Late Policy

In order to reduce disruption to the teacher and other students, students are asked to arrive 15-30 minutes prior to the start of any class. This ensures students have the time to register, settle-in and be prepared to take notes. Students are considered "late" if they are not in their seats at the start of class. Should students be late 3 times, then they are marked as absent for one day. If students accumulate 12 absent days, they are unable to graduate from the program.

Program Completion, Program Transfers and Program Re-attendance

The policy applies to all INFOFIT students who are currently enrolled or were enrolled 30 days prior to them submitting their concern to the Senior Educational Administrator.

The student making the complaint may be represented by an agent or a lawyer.

1. When a concern arises, the student should address the concern with the staff member (i.e., Teacher, Administrative Staff) most directly involved. If the student is not satisfied with the outcome at this level, the student should put his/her concern in writing and deliver it to the Senior Educational Administrator.
2. The Senior Educational Administrator will arrange to meet with the student to discuss the concern and desired resolution within 5 school days of receiving the student's written concern, or as soon as practicable.

3. The Senior Educational Administrator will obtain a copy of the final assessment from the instructor and will have the assessment re-marked by another instructor.
